Division Highlights

1) Chapter Presidents contacted January 15 by letter to update communication lines and solicit discussion of issues/concerns.

2) Division Officer conference call - January 3: update on AFS topics from Special Management Committee meeting (Dec. 9) in Omaha, and potential needs for Division or Chapter action.

3) Completion of Goose Lake Native Fishes Poster by the Fremont National Forest (Oregon)

4) Participation in Special Management Committee Meeting - December 9, Omaha NE.

5) Preliminary discussion with NMFS on Division role as source of expertise and comment on NMFS listing assessment for Pacific salmon (October 28)

6) Participation in AFS Aquatic Habitat Inventory Standardization Project.
Division issue steward and task group appointed for 1872 Mining Law reform.

Participation on nine AFS committees by Division Officers and 19 AFS committees by Western Division members.

Task force on redraft of Human Use of Fish and Other Living Aquatic organisms.

Joined with Forest Service Employees for Environmental Ethics to develop a Range Stewardship Certification Program for western public lands.

Consideration of funding requests for Proceedings of Sustainable Fisheries Conference, Symposium on Pathogens and Diseases of Fish in Aquatic Ecosystems (June 1997); and AZ-NM Chapter Student Scholarship Travel Award is continuing.

Participation in Organizational Audit of AFS.

Solicitation for 1997 Graduate Student Scholarship Award.

Planning of Point-counterpoint debate for joint WD/AFS Monterey meeting.

Financial assistance awards exceeding $12,000 were provided to:
* Alaska Chapter for travel stipends for women and minorities
* Fremont National Forest for native aquatic wildlife poster
* Skinner Memorial Scholarship Fund
* AFS Youth Education Committee
* North Pacific International Chapter for AFS/Chapter promotional display
* AFS 2000
* Two graduate student scholarship awards

Chapter Highlights (not meant to be complete)

1) Alaska-
* position statement on logging impacts on fisheries and habitat.
* participation in 1872 Mining Law reform task group
* contribution to Pacific salmon stocks at risk assessment project
2) Arizona/New Mexico-
   * review of Environmental Assessment for renovation of Virgin River

3) California/Nevada-
   * program and arrangements for 1997 AFS Meeting in Monterey, CA.
   * participation on Human Use of Fishes task group

4) Colorado/Wyoming-
